Design Tools: Figma, Adobe Photoshop, Illustrator, InDesign, HTML & CSS, Postman

AI & Prototyping Tools: Cursor, Lovable, Framer

Visual & Marketing Design: Branding, Content Design, Social & Email Campaign Design

PROFESSIONAL EXPERIENCE

Sr. Executive UI/UX Designer | Neo Wealth and Asset Management Pvt. Ltd., Goa — Dec 2025 – Present

- Lead end-to-end UX for a new stock-trading app, defining information architecture and interaction patterns for complex market data, portfolio, and charting workflows across Android and iOS.
- Own design QA across Android and iOS releases, partnering with QA and engineering to validate interaction behaviour, visual fidelity, responsive states, and critical user workflows before launch.
- Designed an internal distributor invoicing dashboard, automating manual billing workflows and role-based access for the finance team.
- Lead UX research and feature definition for an internal AI support chatbot, mapping support workflows, defining conversation architecture and escalation paths, and translating agent pain points into prioritized product capabilities.
- Built a cross-platform design system (web + mobile), adopted by the engineering team to cut new-screen handoff time.

Sr. Executive UI/UX Designer | BP Equities Pvt. Ltd., Mumbai — Feb 2024 – Dec 2025

- Designed and shipped Mutual Funds, Option Chain, WealthBasket modules from zero to launch, plus revamped Account and Refer & Earn flows.
- Improved acquisition conversion from 1.2% to 4.4% through redesigned landing and acquisition experiences.
- Contributed to Instagram growth from 40K to 61K followers through a redesigned content system and ideas for short-form video formats.
- Produced marketing collateral (email, brochures, print) supporting acquisition campaigns.

UI/UX Designer | Skydreams, Mumbai — May 2023 – Jan 2024

- Owned end-to-end web design across 5 client engagements (OneStepPrint, 1Click Capital, Romantique, 1Click Global, Nobz), from ideation to launch.
- Partnered directly with developers on implementation, achieving 100% first-launch client approval across all 5 projects.
- Designed responsive layouts and user flows that improved site performance and satisfaction.

UI and Graphic Designer | Pigeon Edu. Technology, Bengaluru — Nov 2021 – Apr 2023

- Revamped website and sales dashboard, improving navigation and user adoption.
- Designed complete study material for 2,000+ students, improving readability and usability.
- Delivered daily creative assets (posters, social, web) aligned to brand and marketing goals.

FREELANCE EXPERIENCE

Associate Visual Designer | The Souled Store, Mumbai — Jan 2024 – Feb 2024

- Designed ad campaigns and social content, boosting brand visibility and engagement.
- Developed UI for targeted email campaigns, enhancing customer experience.
- Contributed to mobile app redesign, improving usability and aesthetics.

Freelance Graphic Designer | Plus365, Abu Dhabi(UAE) — Jan 2023 – Apr 2023

- Designed brochures and flyers tailored to client branding.
- Planned layouts in collaboration with stakeholders.
- Delivered print-ready marketing assets on time.

Freelance Graphic Designer | Key Education Foundation, Bengaluru — Feb 2023 – Mar 2023

- Designed 3 educational books used by parents and teachers for daily schedules.
- Managed end-to-end design, from ideation to final print.
- Collaborated with NGO stakeholders for accuracy and usability.
